Complete Dispersal

From Our Pasture...To Your Future!

RED & BLACK SIMMENTALS

MATURE COWS, HERD SIRES & HEIFER CALVES

1 PM | SUNDAY, NOVEMBER 29th | HEARTLAND VIRDEN, MANITOBA

Anthony and Patsy Chuhai and Family
Rossburn, Manitoba
Tel: 204-859-0075
E: pchuhai@yahoo.ca
Box 621, Rossburn, MB, R0J 1V0

Sometimes life changes direction before we are ready for it to. Due to health reasons, we have made the difficult decision to bring the Red Rock Simmentals program to a close.

Red Rock Simmentals has never been just a cattle operation. With our roots being firmly planted in the commercial cattle business, we made the courageous step into the purebred industry. It has been a family, a way of life, countless early mornings and late nights, calving seasons, sale days, successes, challenges and countless memories made together.

We have watched cows raise calves, selected genetics we believe in, and worked hard to develop cattle that we are proud to put our name on. These cows have given us some of our greatest accomplishments and saying goodbye to them is not easy. You will recognize familiar cow families and genetics that have played an important role in our breeding program.

On sale day we will be offering 40 plus bred cows, 1 herd bull, 3 - 2 year-old bulls and 12 heifer calves. We have a 65 day breeding program with the first cycle being AI'd and the next two cycles being bred to the herd bull.

More importantly we want to say Thank You. Thank you to every customer who has ever purchased a Red Rock bull or heifer. Thank you to those who stopped by our farm, bid online, made phone calls, sent a message or simply followed along and supported us. Your confidence in our cattle and our program means more to our family than you will ever know.

We are incredibly proud of what we built at Red Rock Simmentals, and we are grateful for the people we have met along the way. While this chapter is coming to an end, we hope the cattle that leave our farm will go on to make a difference in other herds and a little piece of Red Rock will continue on in the pastures of those who purchase them.

Take a look through the offering. Find the cow families, genetics and cattle that fit your program. Bid with confidence, and take a piece of Red Rock home with you.

From our family to yours - thank you for being a part of the Red Rock Simmentals story.

Behind every cow in this offering is a story.

A calf born on a cold winter night

A cow that consistently brought home a good one.

A heifer we decided was one to keep.

A bull that helped move our program forward.

A cow family that became part of the foundation of Red Rock

Red Rock Simmentals
Built with hard work. Raised with pride.

*Be Our Guest - Lunch starts at
12:00pm on Sale Day!*

On behalf of the entire team at Atlas Livestock Marketing, along with Anthony Chuhai and his wife, Patricia, we would like to extend a warm invitation to the Red Rock Simmentals Dispersal Sale, taking place November 29th at Heartland Livestock Services in Virden, Manitoba.

Over the past several years, Anthony has worked diligently to assemble a quality herd of red and black purebred Simmental cattle at their farm near Rosssburn, Manitoba. By sourcing quality bred females from reputable programs, primarily throughout Manitoba, he has built a solid foundation of productive, functional cattle with plenty of future ahead of them.

Unfortunately, due to health-related circumstances, Anthony has made the difficult decision to disperse the herd. While certainly not the outcome he had envisioned when building this program, his decision presents a genuine opportunity for fellow cattle producers to acquire some good, honest, hardworking cattle.

As you study the offering, you'll find a practical set of females that have been selected with productivity and profitability in mind. These are the kind of cows that can go to work in a variety of programs, raising marketable bulls and replacement-quality females. Alongside the mature cowherd, you'll find a selection of bred heifers, heifer calves, and herd sires, offering something for both purebred and commercial cattlemen.

What an exciting time to be involved in the cattle business! With strong cattle prices and renewed optimism throughout the industry, there has rarely been a greater emphasis on the value of productive, dependable cowherds. Quality breeding stock remains the backbone of any successful operation, and opportunities to acquire established females with years of production ahead of them deserve serious consideration.

We encourage you to take the time to study this offering and, if possible, view the cattle ahead of sale day. The entire Atlas team is available to answer questions, discuss the cattle, or assist with your purchasing needs.

Please join us November 29th at Heartland Livestock Services in Virden, Manitoba, for the Red Rock Simmentals Dispersal Sale.

We look forward to seeing you sale day!

Wow! This is a deep bodied powerful Royal Red cow that is definitely a sale feature. From the great Maple Lake program, we are not sure what you would change about this cow. Anyone who comes to visit the farm is very impressed with this powerful, nice uddered cow. If you are looking for a flush cow or are just a great producer who wants to bring those chunky calves in every year, this one will deliver.

If you are looking for a good red bull that goes back to Tycoon himself, then take a good look at this guy.

*Titan**Terms & Conditions*

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Atlas reserves the right to charge interest at a rate of 2.5% per month on overdue accounts. The right of property shall not pass until after settlement is made. Atlas Livestock Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Atlas Livestock Marketing reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. Atlas Livestock Marketing and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalogue is believed to be true and accurate. However, the information has been supplied by the seller and neither Atlas Livestock Marketing nor catalogue designer/producer assumes any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalogue are believed to be accurate representations of the individual animals. Atlas Livestock Marketing and catalogue designers/producers assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

GUARANTEE - As this is a dispersal sale all cattle will be selling as is with no further guarantee. However, bred females will be pregnancy tested and results along with any pertinent information known to the owners will be announced from the auction block.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Atlas Livestock Marketing assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

ATLAS LIVESTOCK MARKETING IS AGENT ONLY - It is to be clearly understood that Atlas Livestock Marketing is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Atlas Livestock Marketing assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller. The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers. There is an additional charge (approx. \$300 US dollars) that will be applied to each animal purchased. This covers the documentation, vet inspections/testing required to export) This cost does not include transportation or brokerage - this is the responsibility of the buyer.
